

SHOWCASE EVENT AT BARFORD

SATURDAY 7TH JUNE

Products available to view & try

from

**SPRO
CRALUSSO
& TAMAS WALTER**

**FREE PRIZE DRAW
WIN A RED ARC MATCH REEL!**

SPRO

Hosted by John Cayless, Angling Concepts this event gives you the unique opportunity to try before you buy. John will be on the Pleasure Lake showcasing **Spro's** new pellet waggler rods and will also be using the new **Cralusso, Valence** floats.

These floats enable them to be cast with accuracy at distance and due to their unique design they don't dive under the water when they land like most other floats.

Daniel's had a play with them and says "They're excellent! And are ideal for when the fish are in the higher layers as it doesn't spook the fish as much when they land. It also doesn't sink your hookbait past the fish when fishing mid-water - and they are almost indestructible!!!"

Also.... Nick Palmer from Real Ideas will be demonstrating the benefits of the **Clever Claw**, a unique product that is a great help when holding your pole - as it takes the weight out of it.

Special offers throughout the day
